

One day we'll have flying cars

Will - future predictions

One day we'll have flying cars and houses on the moon

We won't have them tomorrow but I hope we'll have them soon.

I'll go to work by rocket and you'll go by supertrain

It won't take long, it'll be much faster than a plane.

When we go on holiday, perhaps we'll go to Mars

But we won't need a spaceship, we'll just fly there in our cars.
