Watch the story and put the sentences in order.

A buffalo walked on the seed and pushed it into the ground.

It is big and strong and now makes seeds of its own.

One of the seeds fell out of the bag and onto the hot, dry ground.

The next morning the seed had a little green shoot.

A hungry bird tried to eat it, but the seed had roots to help it stay in the ground.

It started to rain.

The seed became a plant and then the plant became a tree.

The next day it had its first leaf.
