

The mystery man – ANSWERS AND GUIDANCE

1. Match them up!

Read and point to each word. Encourage your child/children to identify the picture and draw a line. Get them to repeat after you say the word.

where who why when what

Read Pam's spelling rules together with your child/children. Highlight the use of **wh** for questions and the use of the question mark (?).

2. Find the spelling!

Read each question to your child/children. Encourage them to identify the question word and the question mark, looking back at Pam's spelling rules above, if necessary. Ask your child/children to circle the question words and question marks, and write the question words again. Give encouragement and help where needed.

3. Match them up!

Encourage your child/children to read the question word, then read the rest of the question to them if necessary. Encourage your child/children to remember the answer from the story, looking back at it if necessary. Help your child/children to identify the correct answer and draw a line.
