

Kitty's science test - ANSWERS

Comparatives and superlatives

1. What's the word?

Write the word under the pictures.

face	test	science	maths
animals	whale	shark	elephant
			
maths	face	whale	shark
			
science	animals	elephant	test

2. True or false?

Watch the video. Circle true or false for these sentences.

- a. Kitty has got a test tomorrow. true false
- b. Kitty thinks that ~~maths~~ science is more difficult than ~~science~~ maths. true false
- c. The test is about which animals are ~~faster~~ bigger than other ones. true false
- d. The whale is ~~lighter~~ heavier than the shark. true false
- e. Kitty and Max have a competition to guess the animals. true false

3. Fill it in!

Write the adjectives in the comparative or superlative form.

- a. A whale is heavier than a shark. *heavy*
- b. The Mississippi river is shorter than the Amazon. *short*
- c. The Nile is the longest river. It's 6,853 kilometres long! *long*
- d. Mount Everest is the highest mountain. It's 8,848 metres high! *high*
- e. A chimpanzee is cleverer than a sheep. *clever*
- f. A butterfly is lighter than a hippo. *light*
- g. The koala is the laziest animal. It sleeps 22 hours a day! *lazy*

4. Play a game!

Children play the game with a friend or someone in their family.

1. Think of an animal. Describe it using comparatives and superlatives. For example: 'It's faster than a zebra, taller than an elephant and it's got the longest neck in Africa.'
2. Your partner must guess the animal. For example: 'Is it the giraffe?' They can guess three times.
3. If your partner is correct the first time, they get three points. If they are correct the second time, they get two points. If they are correct the third time, they get one point. Put the points in the boxes below.
4. Swap! Now your partner describes an animal and you guess!

you	your partner
