Modals - 'must' and 'mustn't'

**GRAN:** Oh Kitty, what's the matter?

**KITTY:** Nothing!

**GRAN:** Kitty!

**KITTY:** I got into trouble at school today because I took Hero to school!

**GRAN:** You mustn't take pets to school!

**KITTY:** But why?

**GRAN:** Because it's a rule. Can you think of any other school rules? Things you must or mustn't do?

**KITTY:** Hmm. I mustn't eat in class, I mustn't shout or be cheeky and I mustn't take pets to school!

**GRAN:** And what about things you must do?

**KITTY:** We must wear our school uniform, we must do our homework and we must arrive on time. Oh, and our teacher said that tonight I must stay up late and I absolutely must watch a film!

**GRAN:** Now, that's cheeky! You must go to bed early before I catch you. I'm coming after you!
