

How to make a stick puppet

LUIZA: Tada!

LUCA: Wow! Ice lollies! Is it snack time?

LUIZA: Not really!

LUCA: Oh. So why do you have ice lollies?

LUIZA: Because today we are going to turn this ... into this!

LUCA: Wow! A stick puppet! I love it!

LUIZA: Me too!

LUCA: So, what do we need?

LUIZA: We need a stick, coloured paper, a felt-tip pen, scissors, a glue stick and something round, like a glass or a tin.

So, the first thing to do is to cut out two circles, like this one.

Great! So this is the face. Now you can draw on eyes, a mouth ...

LUCA: OK! Eyes ... a mouth. My puppet is very happy!

LUIZA: You can have lots of fun drawing faces – angry faces, sad faces ... You can stick on a nose, ears, whiskers, a bow, glasses or a hat!

And now, the final step. You need to put glue on the circles. Put the stick onto one circle and stick the other circle on top.

That's it, we have a stick puppet!

How to ...

This is my favourite puppet, Mrs Rat!

LUCA: Ooh, I think I've got the perfect friend for Mrs Rat. Mr Cat! Meow! Meow!

LUISA: We hope you have fun making your own stick puppets!

LUISA AND LUCA: Bye bye!

LUISA: Remember! To make a stick puppet:

- cut out two paper circles
- draw a face
- glue the circles to the stick.

That's it! Now you can play with your stick puppet.
