

Can I play with you?

Can I play with you?
I am on my own
Can I play with you?
I am all alone

You can play with me
Here's a toy – let's share
I will play with you
Good to know you care

Catch the ball as I throw
Fly a kite in the sky
Blow some bubbles, watch them grow
What's this?
It's a yoyo, it can glow

Can I play with you?
I am on my own
Can I play with you?
I am all alone

You can play with me
Here's a toy – let's share
I will play with you
It's good to know you care

Let's do a puzzle on the floor
Let's play a game, you keep the score
I will play with you
I will play with you
