

Dean and Pearl

Song

We've got 15 minutes to save the world from Doc
Malevolent's brainwashing ray
Call our teenage spies, Dean and Pearl, and hope that they
can save us today.

Come on, get your jet skates on
Have you got your radio watch?
Check!
Your camera ring?
Check!
Your laser pen?
Check!
Your secret code book?
Check, check, double check!

Ten more minutes to save the world from Doc Malevolent's
evil plan
We've got five more minutes to save the world
We've got to move as fast as we can.

Come on, get your jet skates on
Have you got your radio watch?
Check!
Your camera ring?
Check!
Your laser pen?
Check!
Your secret code book?
Check, check, double check!

The world is safe, the ray's defused
And out of Doc Malevolent's hands
Then HQ calls, 'Dean and Pearl, we've got 25 minutes to save the world.'

Come on, get your jet skates on
Have you got your radio watch?
Check!
Your camera ring?
Check!
Your laser pen?
Check!
Your secret code book?
Check, check, double check!
