

In my plane - ANSWERS

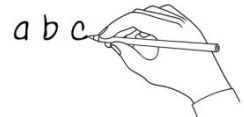

1. Match them up!

Draw a line to match the picture and the word.

1	2	3	4	5
6	7	8	9	10
nine	one	seven	ten	four
three	eight	five	two	six

2. Fill it in!

Listen to the song and write the missing numbers in the sentences.

- Two bends, follow me. Now there is a three.
- Down, around, but don't stop. Five needs a line on top.
- One circle and a line, and then we have a nine.
- Around and down, then straight, and two is looking great.
- Dive down. Come back round. That's a six you have found.
- Straight down in a line and then one looks fine.
- Start eight at the top. Make two circles then you stop.
- Make a one and then add a circle to make ten.
- Seven starts straight along, then go down. You're not wrong.
- Three lines make a four. Down, across and down you draw.
