

Ten shiny coins

Ten shiny coins in my money box today
Ten shiny coins in my money box today
I had a cake and an ice cream and then I had to pay
And there are eight shiny coins in my money box today.

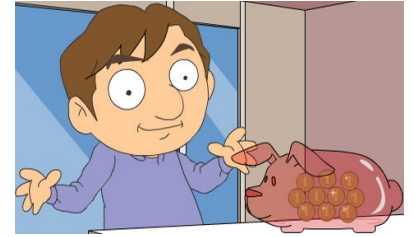

Eight shiny coins in my money box today
Eight shiny coins in my money box today
I saw a paintbox, a pen and then I had to pay
And there are six shiny coins in my money box today.

Six shiny coins in my money box today
Six shiny coins in my money box today
I saw a yo-yo, a ball and then I had to pay
And there are four shiny coins in my money box today.

Four shiny coins in my money box today
Four shiny coins in my money box today
I saw a comic and a book and then I had to pay
And there are two shiny coins in my money box today.

Two shiny coins in my money box today
Two shiny coins in my money box today
I saw some stickers, a notebook and then I had to pay
And there are no shiny coins in my money box today.
