

# How do firefighters put out fires? - ANSWERS

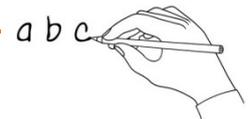

## 1. Match them up!

Match the words with the definitions.

## 2. Fill it in!

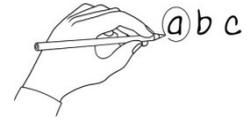

Watch the video. Complete the sentences.

ladder	sirens	hose	put out	Firefighters	smoke
--------	--------	------	---------	--------------	-------

- We hear sirens when the fire engines are on the way.
- Firefighters do training exercises all the time.
- The firefighters are going to put out the fire.
- The firefighters pull out a ladder.
- We can see smoke on the fire tower.
- Water comes out of the hose.

### 3. Choose the answer!

Watch the video. Circle the correct answer.

- a. The ladder is very \_\_\_\_\_. **long** / short
- b. The \_\_\_\_\_ is at the top of the fire tower. **smoke** / siren
- c. The hose is \_\_\_\_\_. **very small** / giant
- d. Water comes out of the hose very \_\_\_\_\_. **slowly** / fast
- e. The water can get all the way to the \_\_\_\_\_ of the fire tower. **top** / bottom

### 4. Write and draw!

Children write about what job they would like to do when they're older and draw a picture.
