

## My pet and me: Guinea pigs

### Video zone

**PRESENTER:** Buzz and Woody love being outside in their run, don't they, Mia?

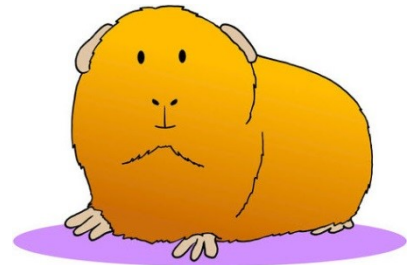

**MIA:** Yeah.

**PRESENTER:** Why do they like being outside?

**MIA:** Because they get lots of exercise and some food and they get to play.

**PRESENTER:** That's right. If Buzz and Woody could go on any outdoor adventure, what do you think they would do?

**MIA:** Hmm. If Buzz and Woody could do anything, they would grow butterfly wings. Their wings would be blue, purple and pink. They would fly to the park and meet their friends: the bee and the ladybird and the caterpillars. Then they would dance in the flowers and have a big bug party.
